The **Remlinger** “DC” Double and Single Roller Harrow Cart has many different harrow options and combinations to handle a variety of applications and conditions. It can be pulled virtually behind anything with a rear hitch; by itself, behind spring tools, or behind fall tools.

## Harrow Options Available

**Angled Spike Tooth**

**Spring Tine Harrow**

**Straight Spike Tooth**

The cart is available in sizes from 11'9" through 40'9" with 12', 14' and 16' base sizes. Telescoping front hitch standard. Red or green color options are available to match your tractor color.

# **The Versatility** for today's farm

## **Single or Double Rollers Available**

12" diameter reversible rollers equipped with 8 spiral blades

**Single Roller**

**Double Roller**

Roller assemblies can be set to aggressive mode to penetrate the soil or passive mode to break clods and help firm and level soil on top.

**Hydraulic by-pass  
for quick turns standard**

**Heavy duty 1-1/4" flanged  
disk bearings standard**

**Field finishing has never been easier!**

# **“DC” Roller Harrow Cart**
